Good morning Jim and Dave,

Jim H asked me to draft a summary of where we are on the Deschutes TMDL and associated litigation, in order to lay the groundwork with the management here at HQ. We don't want to get ahead of the Regional decision-making, but we want to reduce the amount of time our leadership will need to get up to speed on these issues.

Using past materials and the help of Miranda in R10, I've drafted this 1-pager. If you have a chance between now and Monday morning, can you take a quick look and let Jim H and me know if there are any changes or additions you would recommend?

Thank you,
Chris
